October 22, 2018

Dear Parents/Guardians:

It's hard to believe that the month of October is coming to an end! November brings with it many educational activities and celebrations for our students and instructional team. On November 12, 2018 we begin our celebration of American Education Week. We cordially invite you to attend our annual James F. Cooper Parent/Guardian Visitation Day on **Tuesday, November 13, 2018**. The visitation day will provide you with an intimate observation of your child's actual learning environment. It is our hope that your visit will enable you to observe our educational program and gain a better appreciation of the school work that is being accomplished by our students.

In order to maintain the students' regular routines, we ask that you abide by the following guidelines:

- Please limit your visit to 30 minutes to allow for all families who wish to participate in this special day an opportunity to visit.
- Please be a courteous and caring observer. Seating will be provided in the classrooms, please utilize those chairs to limit distractions to instruction.
- Please silence all mobile devices upon entering the building. Photos/videos may not be taken during the classroom visits.
- Please remember that all of our children are precious to us, and following your visit, please refrain from sharing any information that portrays other students in a less than complimentary light.
- Please remember that this is not the time for a conference. Should you see something you would like to discuss with your child's teacher, I am certain she/he would be happy to schedule a conference at a later date.
- It is requested that you not bring any younger siblings with you during the classroom visit. Instruction will continue and the distraction of youngsters in the classroom will impede the learning process.
- Please notify your child's teacher by email if you plan to attend! However, no one will be turned away—walk-ins are always welcomed during scheduled visitation times.

Tuesday, November 13, 2018 (Day 4), our Cooper Visitation Schedule is as follows:

AM Classroom Visitation Schedule 9:30AM - 11:00AM

PM Classroom Visitation Schedule 1:30PM - 3:00PM

Upon arrival, please report to the Main Entrance and be prepared with your child's student ID number and your photo ID. All family members will be required to sign-in and wear a visitor's badge throughout the visit. We look forward to welcoming you for this enjoyable event!

Sincerely,

Mrs. Rebecca J. Tiernan
Principal

Mission Statement

Our mission is to teach all children to love learning, embrace challenges and strive to achieve their personal best. Our Cooper Community will demonstrate respect, ownership, acts of kindness and responsibility to encourage active citizenship.
